

Cultivating a Growth Mindset District-Wide

-Working to Build a Culture of Success in Our District-

Looking for a district-wide initiative that promotes student success?

When students believe that dedication and hard work can change their performance in school, they grow to become resilient, successful students. Inspired by the popular mindset idea that hard work and effort can lead to success, *Mindsets in the Classroom* provides educators with ideas and ways to build a growth mindset culture throughout the district. Through this offering, districts will be given the opportunity to construct an implementation plan for building a culture of the growth mindset. **Strategies and tools for building the mindset movement will be highlighted, with time slated for the development of a district-wide implementation plan.**

Join us:

August 24, 2017

Olean Teaching and Learning Center: The Barn
