## Description:

Summer Technology Camp at CA BOCES is an opportunity for educators from around the region to explore the possibilities within educational technology. This year's theme will be Ditch that Textbook (Matt Miller) and will spotlight teachers from around the region and provide opportunities to use technology to reach beyond the four walls of our classrooms!

## Facilitator(s):

Mark Beckwith, Mark Carls, Alexandra Freer, Karen Insley, Brendan Keiser, Ryan McGinnis, Robert Miller, Sarah Wittmeyer

## Objectives:

- > Learn about how technology is being used in classrooms around the region.
- > Learn about new educational technology.
- > Experience the tech playground with hands-on application
- > Share what you know with others.

## Audience:

Teachers: P-12, Special Education, Instructional Coaches, Technology Coordinators, Administrators
