

FIRST LEGO League Qualifying Tournament

STUDENT PROGRAMS

Date: 11/16/2019

Site: Houghton College

Time: 7:45 AM – 4:30 PM

COSER
506

Description:

What if you could build a better world? Where would you begin? More than ever, we must come together to innovate and solve problems. In *FIRST*, you are part of a thriving community brimming with inspiration, creativity, and hope for a stronger, more sustainable future—one that's built better together. You have the power to help the cities, towns, and places you call home reach new heights. With the support of the *FIRST* community, this is your opportunity to lead our future forward—and up.

FIRST LEGO League challenges children ages 9 to 14 to think like scientists and engineers. During the City Shaper season, teams will choose and solve a real-world problem in the Project. They will also build, test, and program an autonomous robot using LEGO MINDSTORMS technology to solve a set of missions in the Robot Game. Throughout their experience, teams will operate under Core Values celebrating discovery, teamwork, and Gracious Professionalism.
