STEAM is in the air, and this circuit will address the questions and topics involving the subject. Join fellow colleagues as we dig deeper to explore strategies and resources that support the instruction of STEAM in collaboration with other core subjects. This circuit is for any educators interested in learning about the STEAM mindset and how to infuse it within their district. With this circuit, the plan is to introduce an idea and carry it through the year with your school and showcase the work at the end of the year.

Participants will be able to experience:

- BOCES Resources
- Curriculum Development
- STEM Field Experts
- Teacher's Practices
- Instructional Strategies
