During this Session, we will learn the basics of kayaking through a “hands-on” kayaking trip down the Allegheny River to Olean. We will board the bus at school to our launching site, and board it to return to school at the completion of our journey. When we arrive back at school, we’ll explore the American Canoe Association’s (ACA) “Paddle Safe, Paddle Smart” curriculum, developed in conjunction with the American Association for Physical Activity and Recreation (AAPAR) and brainstorm ways to implement paddle sports into your curricular and/or extra-curricular activities.
