

# Mindsets 2.0: Creating a Yearlong Implementation Plan

-For those with prior knowledge and experience regarding the growth Mindset philosophy-

**Do you already know about the growth mindset philosophy?**  
*What's next?*

Through this experience, *teachers having already been trained in the growth mindset philosophy* will explore techniques for implementation in their classrooms and schools. In researching practical ways to teach both students and teachers about the ideals of a growth mindset, attendees will develop a yearlong implementation plan for use in their classrooms or districts. The implementation plan is intended to highlight specific themes associated with the mindset philosophy, including perseverance, grit, and more. Join us to put your mindset work into action!
