

# TRAUMA SENSITIVE CLASSROOM

Our job is to teach the students we have.  
Not the ones we would like to have.  
Not the ones we used to have.  
Those we have right now.  
All of them.

Dr. Kevin Maxwell

Research shows that 60% of children have been exposed to trauma in their home, school or community. This can undermine a child's ability to learn, relate and succeed. Teachers and others will gain a basic understanding of trauma and its impact on brain development and behaviors. Participants will learn strategies for creating a trauma sensitive classroom and school communities.

**Where:** CA BOCES Olean Center,  
Rooms A & B

**When:** May 17, 2018
