## Description:

Games, in any form, increase motivation through engagement. We will use game design and mechanics to enhance the classroom by increasing participation, engagement, loyalty and competition. Turn your classroom into a video game by using badges, leaderboards, game play and challenges.

## Facilitator(s):

Robert Miller

## Objectives:

Participants will be able to:

- Create a gamification plan for learning or classroom management
- Apply game mechanics to their teaching
- Increase engagement in their classrooms

## Audience:

All Teachers, Instructional Coaches, Administrators
