Description:

As iPads continue to be used in many classrooms across the region, have you ever stopped to think about how you could be using them in a more creative and engaging way? Many iPads are used for consuming and research, but get little use in ways of creating and celebrating student expression through videos, projects, apps, and more! Come learn how to use your iPad to cultivate student creativity and expression with a focus on student-created content through the use of Apple's Everyone Can Create Curriculum that is free to download and able to be accessed on any student iPad.

Facilitator(s):

Ryan McGinnis, Robert Miller

Objectives:

- Review Apple's "Everyone Can Create" Curriculum
- Learn how to use apps like Pages, Keynote, Numbers, AR Makr, GarageBand, Clips, iMovie and more!
- Create lessons and unit ideas to foster creativity and student project development in the classroom.

Audience:

Teachers: PK-12, Administrators, Technology Coordinators/Directors
