## Description:

Collaborative Learning Community is designed to provide collaboration, networking, and implementation strategies for middle school science teachers in the CA BOCES region. The meetings will be structured around the expertise, needs, interests, and concerns of teachers who attend as NY transitions to the NYS Science Learning Standards. Participants will work together in recurring cycles of collective inquiry to achieve better results for students they serve.

## Facilitator(s):

Clay Nolan

## Objectives:

- Collect and collaborate with colleagues
- Develop strategies and create lessons and units aligned to NYS Science Learning Standards
- Formulate paths to transition from old to new standards/curriculum

## Audience:

Science Teachers: Grade 6-8
