

Mastery-Based Learning

Date: 9/25/2019, 11/13/2019

Site: CA BOCES Barn, Training Room

Time: 08:30 AM – 02:30 PM

COSER
529

Description:

The Mastery-Based Learning course is a blended-learning opportunity for educators at any grade level and course content. Upon the completion of the course, participants will have the opportunity to earn up to 15 CTLE credit hours by exploring the three tenants of mastery learning and completing a Mastery-Based Learning unit of instruction. Through in-person training and online coursework in Microsoft Teams, participants will analyze and refine their instructional toolbelts, review how assessments are utilized, and explore how technology can be meaningfully integrated to allow for mastery learning.

Facilitator(s):

Mark Beckwith, Mark Carls

Objectives:

- Define the three tenants of Mastery-Based Learning
- Utilize technology to increase student learning
- Create an instructional unit using Mastery-Based Learning

Audience:

Teachers: All Grades, All Subjects, School Administrators, Instructional Coaches
