The New York State School Library Systems Association and New York Library Association's Section of School Librarians, are pleased to offer a day of dialogue with Dr. Barbara Stripling, Attorney Stephanie Adams, and Patricia Ferrito, MPA. With an increase in community objections to both instructional materials and school library resources, it is critical that school librarians and district administration have a strong understanding of board policies and the legal and ethical aspects necessary for a unified approach when responding to challenges or inquiries.

This is a full-day hybrid workshop is **open to School Librarians and Administrators**. This will be a workshop based out of Erie 1 BOCES Education Campus with the option to join remotely across New York State. Whether you choose to join virtually individually, host a meeting at your BOCES to connect virtually, or join us in person at the Erie 1 BOCES location, we hope to see you there.

More information will be coming in the next few weeks, but for now save the date!
