

AI TOOLS FOR EDUCATORS

Join us for a transformative full-day workshop designed for educators and administrators. Discover how AI tools can revolutionize your teaching practices by boosting efficiency, differentiating instruction, and extending learning.

Workshop Highlights

- Efficiency Boost: Learn how AI can streamline tasks, freeing up more time for impactful teaching.
- Differentiated Instruction: Explore AI tools that help tailor learning experiences to meet the diverse needs of your students.
- Extended Learning: Discover innovative ways to use AI to enhance and extend student learning beyond the classroom.
- Ethical AI Use: Learn to create and implement an AI Decision Tree to help students determine when using AI is appropriate and ethical.

Participants will have ample time to practice using these tools, collaborate with peers, and build their own AI toolbox.

Don't miss this opportunity to elevate your educational strategies and bring cutting-edge technology into your classroom!

If you are interested (or have a staff member who is interested), please reach out to your district's representative so that they can complete registration.
