

Addressing ADHD and Executive Function in Schools

Cindy Goldrich, Ed.M, ACAC

This professional learning opportunity will focus on skills and strategies to manage the challenges of ADHD and Executive Function deficits. The training is designed to empower others with knowledge, tools and strategies to help individuals with ADHD succeed in school and in life. The workshop will provide the participants with skills and strategies to face the difficult challenges: enabling vs. supporting, setting limits and sticking to them, learning how to effectively deal with challenging behaviors, improving adult/child relationships, and helping their child improve Executive Function skills for students with ADHD/ADD.
