

High School Math CLC 2017-2018

New York State Common Core

Mathematics Curriculum

With the implementation of the new Common Core Standards in Algebra I, Geometry and Algebra II these CLCs are scheduled to be face-to-face at the Olean CABOCES Barn Teaching and Learning Center. There are two summer days in August and two days throughout the school year.

The focus of these sessions will be to explore the current and upcoming modules in the curriculum and share ideas of what has worked and what hasn't during the year. This will help build a strong High School Math group to support each teacher throughout the school year.
