

Applying the *Lexile* Framework for Reading

Join Us...

...as we hear from a trainer from MetaMetrics, the organization that developed the Lexile Framework, a major component of the CCLS. We will dig into many aspects of the framework, including the research behind it and how to maximize its use in our classrooms.

This workshop is open to teachers, librarians, reading specialists, and administrators.

There is a maximum enrollment of 50 people per day. We will reserve 2 slots per district per day until October 15th, after which we will allot any unclaimed slots on a one additional slot per district rotating basis.

- ▶ Understand the Lexile Framework
- ▶ Learn how to determine students' reading levels and level classroom materials
- ▶ Access Lexile resources
- ▶ Communicate with parents about Lexile levels

When: Wednesday, Nov. 16th: Grades K-6
Thursday, Nov. 17th: Grades 7-12
